

Club Handicap – 7 May 2009

Despite the dry day the rain came in the evening to soak everyone. The midges were out too, to join the party in the woods...

Winner on the night was Karen Elvers, second was Geoff Cram and third Caroline Lidgett.

The fastest on the night was Ivan who was a minute faster than his handicap at 29.17Fastest lady was Helen with 35.49. . Well done both!

My very grateful thanks to all the helpers who helped with the start and the finish.

The full results are on the attached sheet. I had a request to include a column showing how much people were up/down on their handicap. Sorry, haven't had a chance to do it as I've run out of time, but it's a good idea.

Now that there have been three handicaps I will shortly publish the table showing how people are doing in the overall series.

The next handicap is on Thursday 21 May, at 7.15pm. Please meet at Leisure Centre at 7pm to share cars, to avoid the car park congestion!!!
