Data Protection Act 1998. Chepstow Harriers & Chepstow Harriers Junior Section uses a computer to manage its administration. [By submitting this application form consent is thereby given as required by the Act to the holding of information on a computer.](#) Personal data held on computer may be made available to other athletic organisations e.g. Welsh Athletics, but will not be made public.

Child Protection. Any person wishing to use photographic or video equipment during any training session, **MUST** register with the club prior to the event. The club reserves the right to reject any application. Occasionally club coaches and officials, for use as a legitimate coaching aid or for publicity purposes, may take photographs and video footage of club members. Coaching material will normally be deleted at the end of each session. I understand that I will have full access to any such material that is retained. [By submitting this application form consent is thereby given for the above photographs and video footage to be taken.](#)

We often take photographs at races such as the Gwent League Cross Country, these are then used on or 'linked to' from the club's website. If you do not wish your child to be in racing photographs please let us know. We cannot guarantee that spectators from outside our club will not take photographs.

Signature of parent/guardian	_____	Date	_____
Name of parents/guardians	_____		

Please note completion of this form **does not** entitle your child to full membership of Chepstow Harriers Junior Section. For details of the trial period and full membership please refer to your welcome letter.
