

Rose Inn Series 2011: Series Results

Explanation

The following table shows the full results for this year's Rose Inn Series.

Points are awarded according to position, in each race. Runners must complete a minimum of three races to qualify for the series, and the best three scores are accumulated. Only those runners who completed at least three races are shown.

Your position in the table is determined by the total of your best three scores. When there is a tie your position is decided the individual head-to-head count back, and if this is still tied then by the total of your race times for the three scoring races.

Points of interest.

The overall male winner, Nick Dukes, came third in one race and fourth in the other two races that he entered. So it's consistency that counts.

Jane Horler (LV40), and Brenda Avery (LV60) won all four races in their category.

Stephen Thomas (MV40), Peter Coles (MV45), Mike Murphy (MV55) and Julie Scholey won all three races, in their category, that they entered.
